5+

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

Yes we purchased adjacent property and we will be adding a secondary sales lot with a service department that includes a quick lube. Also we are currently working on a remodel that will be inside and outside and will be completed next year.

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

YES AND YES

Access for customers will be hindered for a large amount of time

- a. Do you expect to gain or lose customers? *lose*
- b. Will access to the site be improved or impeded? *Impeded*
- c. Will access to or from your market or service area be improved or impeded?

Impeded

- d. Will you lose or gain parking spaces? *lose*
- e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

Major problem will be our frontage/display area will be affected. This will reduce traffic and marketing also it will limit access for our customers.

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

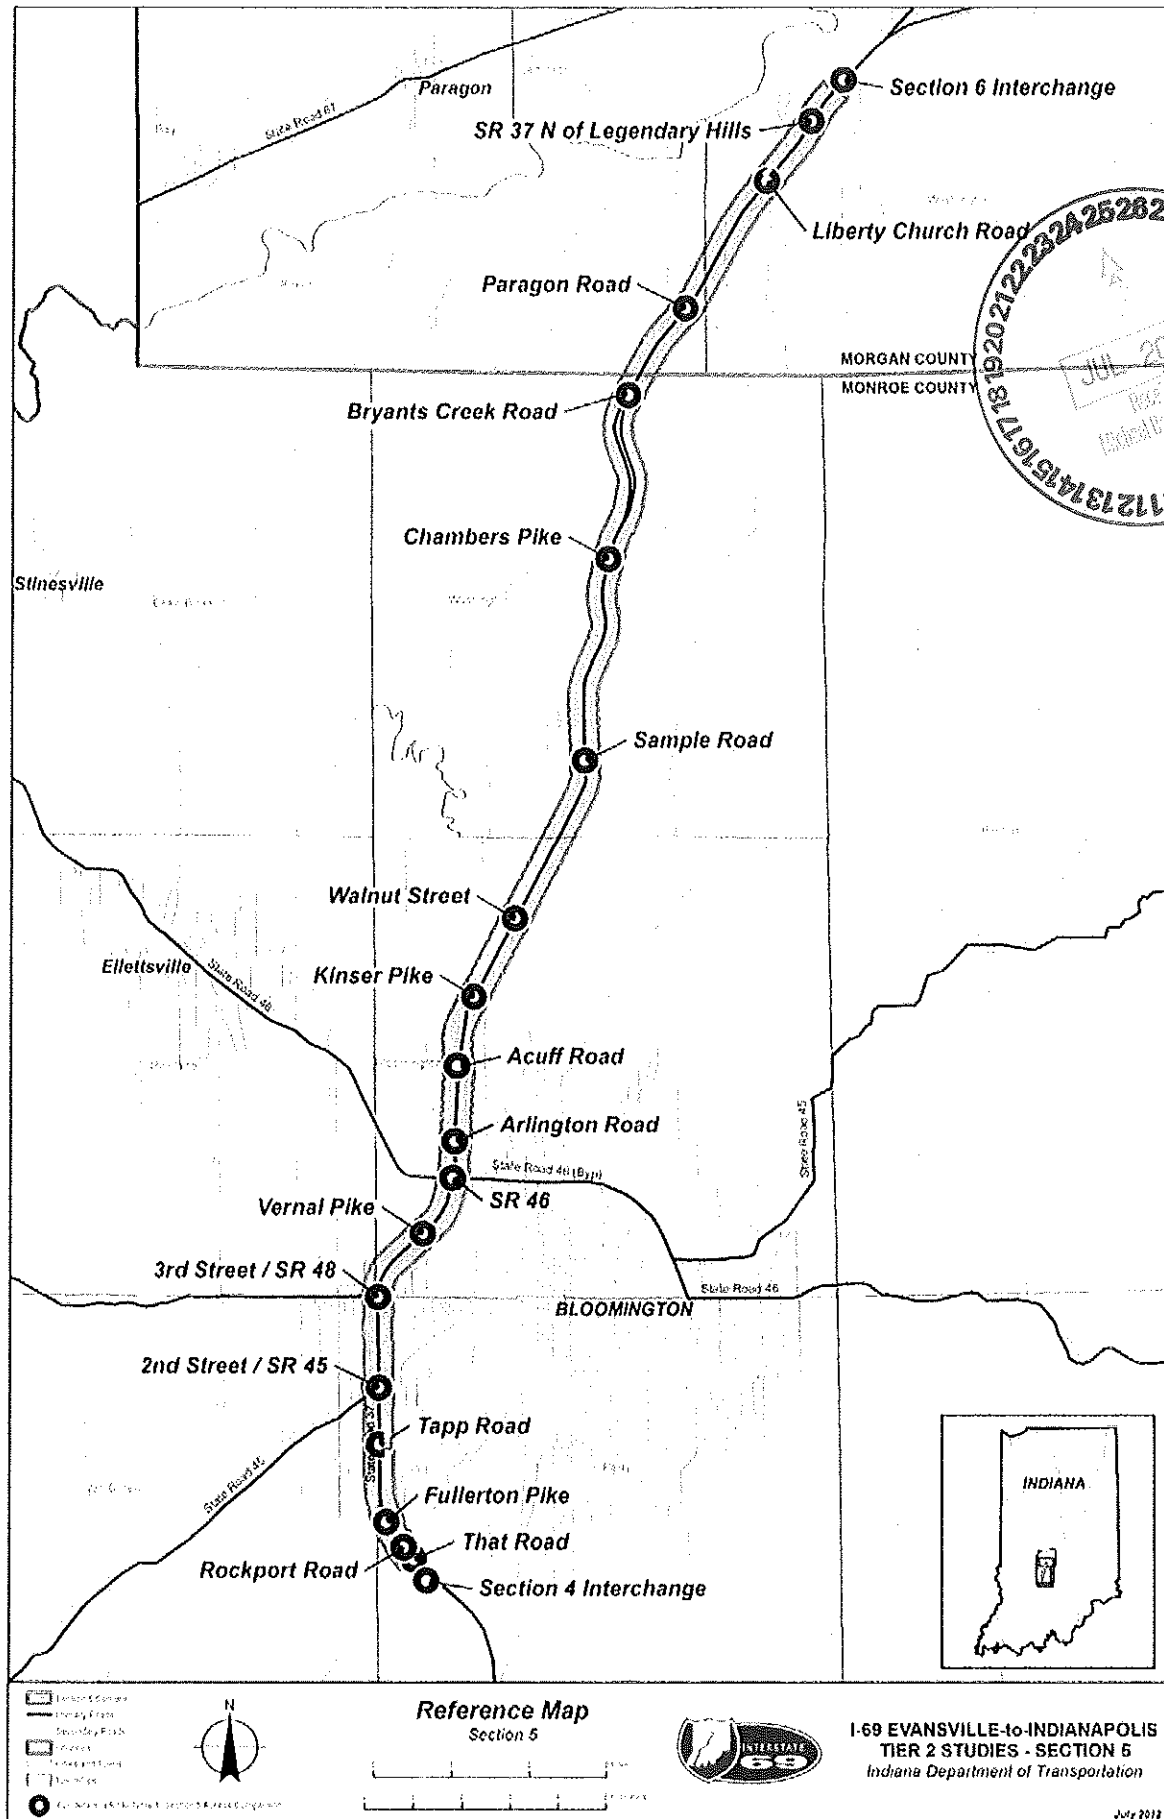

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

One of our major assets is our frontage along 37. This provides customers with visible access to our lot. A car dealership needs to have visual access for customers to be able to shop.

Thank you for your participation in this survey

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

past road projects (69 south from FtW to Indy) as well as other big projects had to add interchanges over the years to accomodate traffic. I say the more interchanges the better, why disrupt traffic, spend more money, etc in the years to come. Do it now when it will be easier.

Thank you for your participation in this survey

2. On the enclosed map, please mark the location of your business and label the routes of your incoming and outgoing deliveries.

See attached map

General Information

3. Describe the nature of your business, such as the service provided, the type of office, and the type of products sold or manufactured.

Hoosier Energy is engaged in the generation, transmission and distribution of electricity to eighteen electric cooperatives in central & southern Indiana & southeast Illinois that serve approx. 300,000 homes, farms & businesses. The location on SR 37 in Bloomington is Hoosier Energy's corporate headquarters and also includes warehouses, outside storage yards, vehicle maintenance & storage facilities, dispatch center & other operations.

4. How many years has your business been at this location? More than 50 years

5. How many full time employees do you have? Approx. 182 full time employees work in Bloomington

6. How many part time employees do you have? No part time employees work in Bloomington

7. What are your hours and days of operation? Operation is 24 hrs/day(365 days/yr) - Business hrs 7am - 5pm weekdays

8. Do you lease or own your business site? Own

I-69 Evansville to Indianapolis Tier 2 Studies

Transportation and Market Information

9. From where do most of your customers come? (Check all that apply)

- ☐ Bloomington
- ☐ Martinsville
- ☐ Ellettsville
- ☐ Other (Please Identify) _____
- ☐ Out of state

Members serve a 15,000 sq mile area in IN between I-70 & Ohio River + 11 Cnty's in Illinois. The Bloomington location supports the entire service area.

10. From where do most of your employees come? (Check all that apply)

- ☐ Bloomington
- ☐ Martinsville
- ☐ Ellettsville
- ☐ Other (Please Identify) _____
- ☐ Out of state

Employees are located in a number of communities located within a 50 mile radius of the Bloomington site.

11. Do employees or customers currently use SR 37 to access your business? Yes

If yes, which cross roads or access points along SR 37 are the most important for access?
Hoosier Energy has two access points - 1. Direct access at southern entrance to property. 2. SR 37 & Ellis Road (approx. 100 yards from SR 37 to Hoosier Energy north entrance).

12. Does your business serve a specialized clientele? yes

13. Does your business have specialized site requirements, such as rail access, acreage, underground storage areas, city water or sewer, permits, etc? Yes

If yes, please describe. On site microwave tower; underground fuel tanks; oil containment for large transformer storage area; material lay down area accessible by large cranes; permit for equip. painting; sanitary sewer service; direct access to SR 37 for heavy/high/wide/slow vehicles.

14. Which of the following types of vehicles regularly access your business? Check all that apply and provide a general estimate of the number per day.

- ☐ Passenger vehicles for employees 150-250 passenger vehicles per/day for employees
- ☐ Passenger vehicles for customers 25-50 passenger vehicles per day for customers/visitors
- ☐ Delivery trucks 10-20 trucks per day
- ☐ Rail cars _____
- ☐ Buses Occasional bus traffic (10 per month?)
- ☐ Other (specify) Mobile substations, tractor trailers, digger derrick trucks, cranes & other specialized equipment.

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

Hoosier Energy expects to continue to utilize existing warehouse, vehicle maintenance & storage outside storage & corporate headquarters function at the Bloomington location. Hoosier Energy is currently evaluating options to meet long term corporate headquarters needs including upgrades/additions to existing office buildings at this location and potential construction of new buildings at this site. Expansion of office facilities at this location is one of several options under consideration and cannot be guaranteed.

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

Yes. Hoosier Energy will be directly affected by the expected loss of direct access to SR 37/I-69 for operations and headquarters functions resulting in additional time, travel distance and costs for moving freight and passengers. Loss of access can also diminish the value of real estate and facilities at this location. Noise impacts are also expected as a result of increased traffic counts along the border of the property adjacent to SR 37/I-69. Reduced access can also affect Hoosier Energy's ability to mobilize and dispatch crews, equipment and materials from this location to respond to power supply events that affect end consumers.

- Do you expect to gain or lose customers? No expected impact
- Will access to the site be improved or impeded? Impeded
- Will access to or from your market or service area be improved or impeded?
Impeded
- Will you lose or gain parking spaces? Lose parking spaces on west & north sides of property
- Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.
Reduce ability to safely/quickly move vehicles & equip. in/out of facility. The nature of Hoosier Energy's unique business requires consistent & immediate highway access that we believe will be impeded by the project. As a result, options to mitigate access concerns are being developed at other locations including existing & new satellite locations.

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

- As noted in previous comments, Hoosier Energy will also require direct access from I-69 to a primary substation located at Crossover Road in northern Monroe County.
- As noted previously, locating interchanges at Walnut St. and Sample Rd. connected by a new or improved roadway on the east side of Hoosier Energy (with direct access to Hoosier Energy facilities) offers the only option we are aware of that will provide two access points for Hoosier Energy traffic and maintain approximate equivalency to the access available today.

Thank you for your participation in this survey

General Comments on I69 impact for survey:

Hoosier Hills Food Bank, 2333 W Industrial Park Drive

Our organization is located on Industrial Park Drive, with access from SR 37 at Vernal Pike. The only other access to Industrial Park Drive is Vernal Pike west to Curry Pike.

Daily, we send out up to 5 vehicles (box trucks and vans) to collect food from local grocery stores, restaurants and businesses in Bloomington as well as from stores and food sources in Spencer, Bedford, and Paoli. We will soon be expanding regular retail pick ups to Mitchell, Shoals, Loogootee, West Baden and French Lick.

Daily, several dozen agencies, many from Bloomington but also from Spencer, Nashville, Bedford, Mitchell, Paoli, French Lick and Loogootee come to the food bank to collect food for their food pantries and soup kitchens. We distribute over 3.2 million pounds of food annually to over 90 agencies.

Several times each week, we receive deliveries of food from various vendors and sources, including semi-trailer loads of food. Several times each week we send our delivery vehicles out to Spencer, Nashville, Paoli, French Lick, Orleans, Bedford, and Mitchell.

In addition to our staff, dozens of volunteers each week come to our facility to assist in our operations. Most come from the campus/downtown Bloomington area.

An underpass at Vernal Pike must be high enough to accommodate all of our trucks and the semi trailers that come to deliver to us. Bike lanes would be beneficial as some of our staff and volunteers use bicycles to get to us from town. It is critical that an alternative access to 37 and east into Bloomington be maintained during any construction at the Vernal Pike intersection – failure to do so and to require a detour that involves only having access from the west side of Vernal Pike (meaning all the way down to Curry Pike) would be expensive and extremely disruptive for us and all the other businesses on Industrial Park Drive.

Punching Industrial Park Drive through to the Kohl's/Gates Drive shopping complex area would be highly desirable. And it would be extremely desirable to complete this prior to commencing work on the Vernal Pike intersection at 37.

Access to SR 37 is important. When we lose access to 37 at Vernal Pike, it is important that we minimize the route on local access roads to get to it. Significantly increased travel time will increase our fuel bill and required staff time. As a non-profit food bank, increased costs of this type may hamper our ability to fulfill our mission. This situation is equally critical for our customers, who are also non-profit agencies with limited budgets and who often use volunteers. If access to the food bank is impeded, they will reduce their visits and will not be able to access as much food for their programs. They also have time and fuel cost considerations.

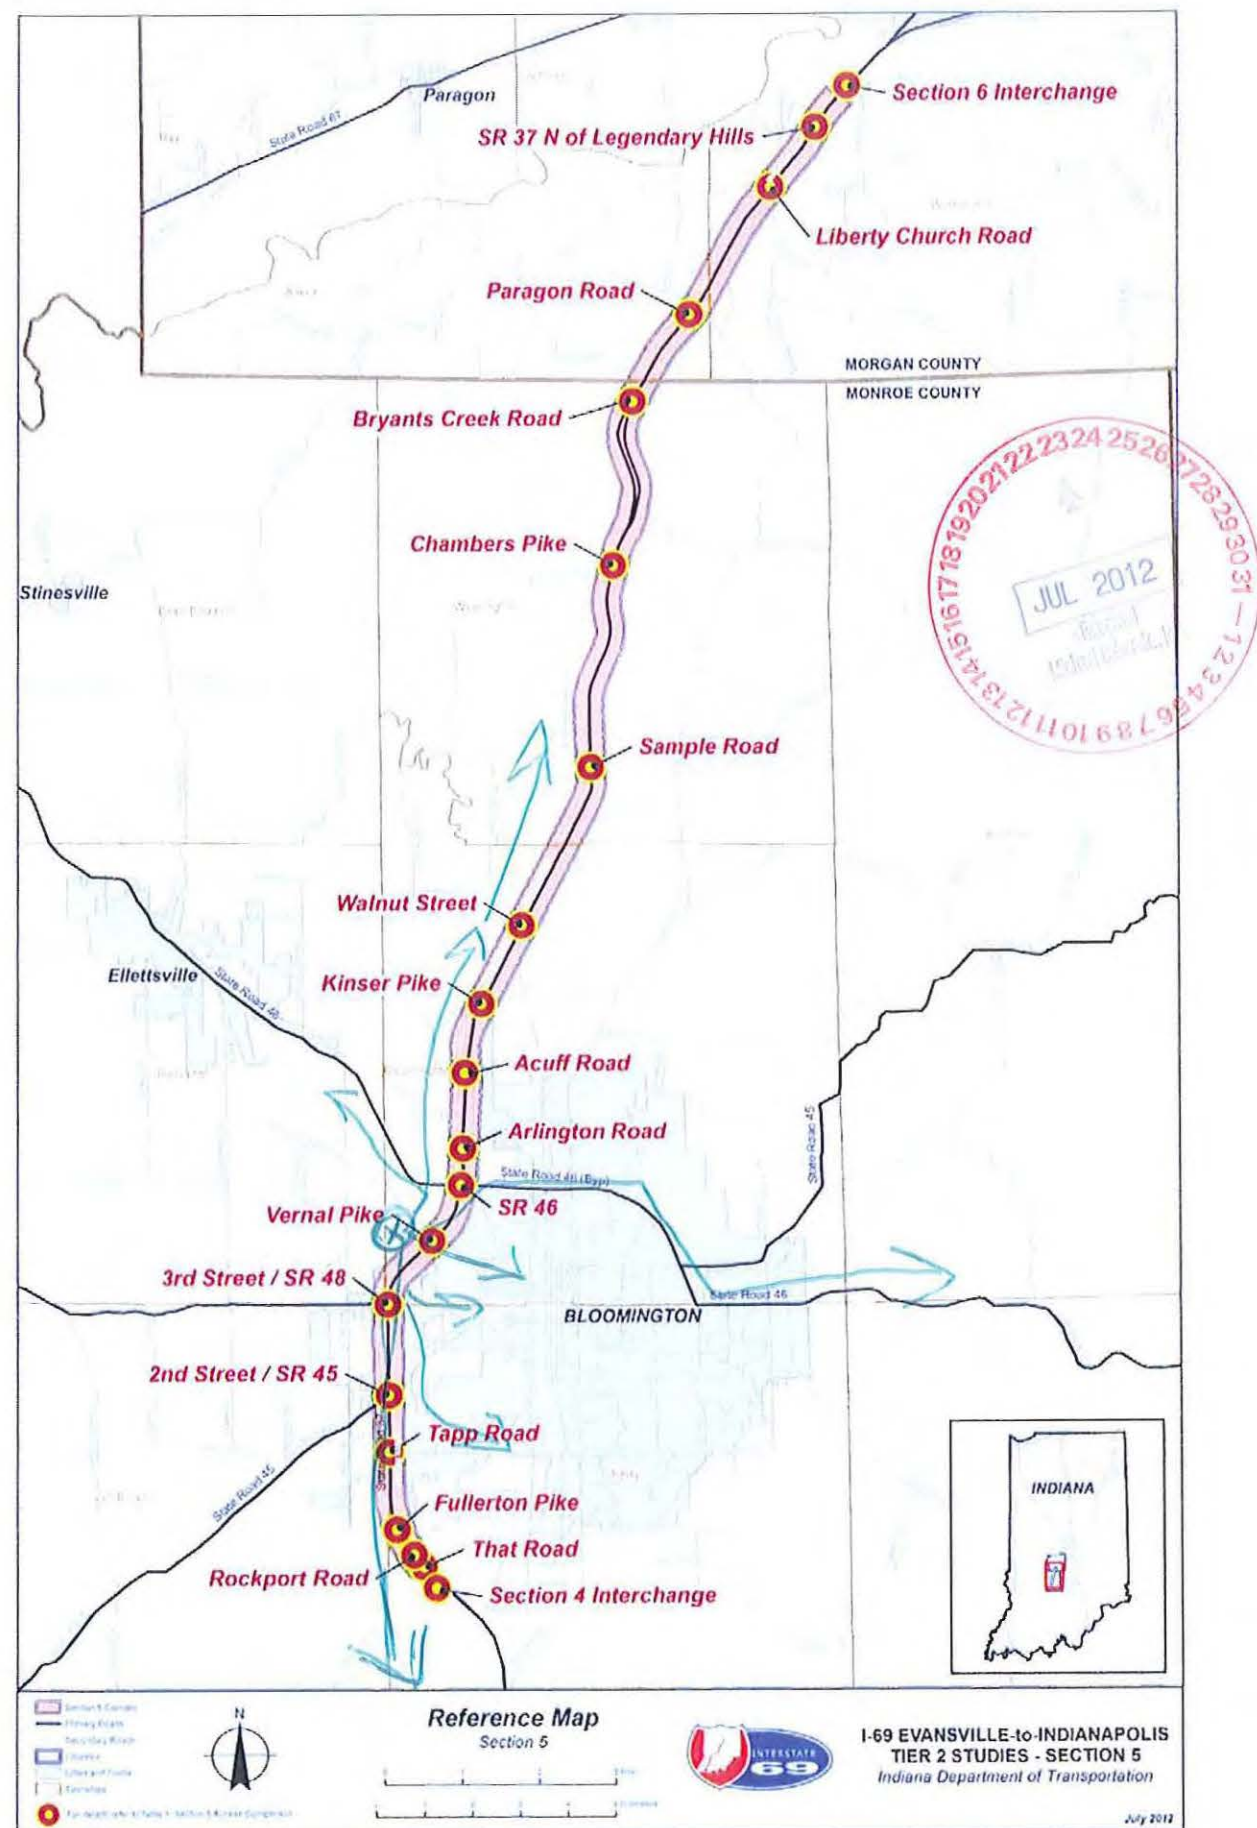

Table 1: Section 5 Access Comparison

Area Type	Major Road Name	Alternative 4	Alternative 5	Alternative 6	Alternative 7	Access Suggestion(s)? Interchange, Overpass and No Direct Access (Please use I, O, U. or X)	Comments and Rationale for Access Suggestion(s) Tell Us Why!
		Represents Alternatives Carried Forward I = Interchange (Urban or Rural) O or U = Overpass or Underpass (Grade Separation) X = No Direct Access					
Urban	Section 4 Interchange (I-69 and SR 37)	I	I	I	I		<p>This is only one person's situation but I want you to hear it.</p> <p>I live just east of 37 on That Rd. I work just west of 37 off Vernal Pike. My <u>daily</u> route to and from work is to get on 37 at That Rd, take it north to Vernal Pike and exit west.</p> <p>To be frank, this highway screws me at both ends - both access points are lost and my driving time and fuel costs will be increased with more travel on less safe County roads that won't be well maintained in winter.</p> <p>We don't need I 69. Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

NO

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

Directly - As our service to customers and local law enforcement agencies will be delayed as we will have to go down an access road to reach the highway thus impeding our service in a timely matter

- a. Do you expect to gain or lose customers? *LOSE*
b. Will access to the site be improved or impeded? *Impeded*
c. Will access to or from your market or service area be improved or impeded?

Impeded

- d. Will you lose or gain parking spaces? *Don't know yet - probably lose*
e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

People cannot easily access our business and the delay of getting out on highway will cause people x police agencies to stop using our services because it takes too long.

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

18. Please provide any additional information or comments that you would like us to address.

☐ Rail cars

☐ Buses

☐ Other (specify)

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

More space will be needed but we are hesitant to expand due to having diminished access to hwy 37 (69) and being required to travel longer distances.

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

We will be affected and could lose our leases on the building when our access to 37 is lost. The loss of access will negatively impact our property.

a. Do you expect to gain or lose customers? We will lose customers

b. Will access to the site be improved or impeded? impeded

c. Will access to or from your market or service area be improved or impeded?
impeded

d. Will you lose or gain parking spaces? Should not change

e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

We will probably lose our lease income. We will be between two interchanges and travel expense will increase. Ease of customers accessing us will be impeded.

17. Please review the attached table and provide your input on each of the proposed alternatives.

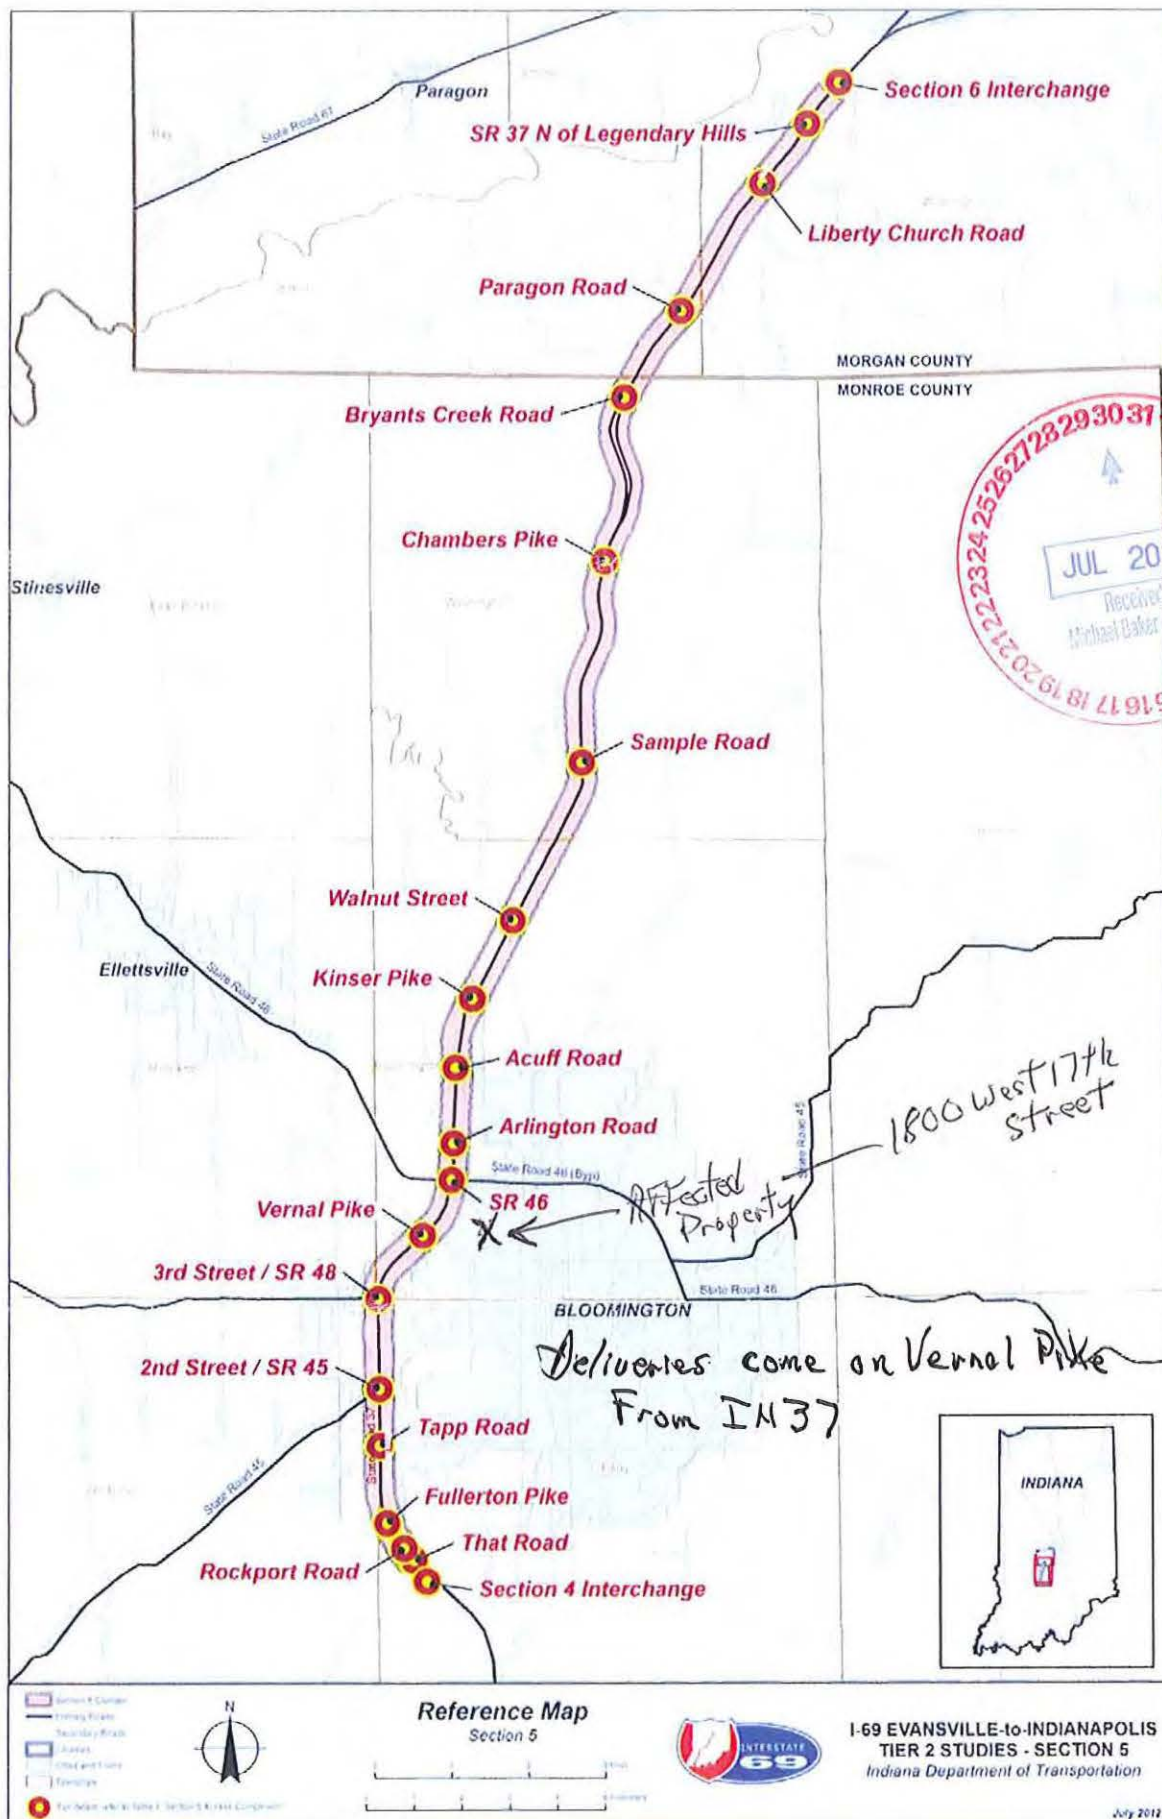

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

We will lose part of our property at the front and we are very concerned about our renters moving when their leases expire. We will be competing with other building owners that will have better access than we will have. Our property will decrease in value.

I-69 Evansville to Indianapolis Tier 2 Studies

Business Location

1. Provide the full name and address of your business.

Ken Nunn Law Office, 104 South Franklin Road, Bloomington, IN 47404

- a. If your business is affiliated with others in the area, please provide the headquarters address if different from the above.

N/A

- b. Please provide contact information for future correspondence on this project.

Same as above

2. On the enclosed map, please mark the location of your business and label the routes of your incoming and outgoing deliveries.

Our business location is marked. We are a law office and do not receive many incoming or outgoing deliveries. As for the few deliveries we receive, the majority of those deliveries would use State Road 37 then to 3rd Street, then to Franklin Road.

General Information

3. Describe the nature of your business, such as the service provided, the type of office, and the type of products sold or manufactured.

We are a law firm representing injured persons throughout the State of Indiana.

4. How many years has your business been at this location? 6

5. How many full time employees do you have? 67

6. How many part time employees do you have? 14

7. What are your hours and days of operation? Monday through Friday 8a.m. to 5p.m. although we do have employees who work morning, night and weekends.

8. Do you lease or own your business site? Own

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

Yes, we intend to add employees and add a night shift. We are not planning to expand our facility.

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

Unknown at this time. However, we do not believe it will have an effect on our business.

a. Do you expect to gain or lose customers? Remain the same

b. Will access to the site be improved or impeded? Improve

c. Will access to or from your market or service area be improved or impeded?
Remain the same

d. Will you lose or gain parking spaces? Remain the same

e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

Unknown at this time. However depends on the scope of the work that will be done in our area.

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

Our primary concern is that the interchange remains for the State Road 48/3rd Street exit. We note that on all four alternatives, an interchange will remain. We welcome I-69. We believe it will save lives in the long run. We believe it will have minimal impact on our facilities.

Business Location

1. Provide the full name and address of your business.

MCD Machine Inc.
2345 W. Industrial Park Dr.
Bloomington, IN 47404

- a. If your business is affiliated with others in the area, please provide the headquarters address if different from the above.

- b. Please provide contact information for future correspondence on this project.

Melinda Davis
812-339-1240 work
812-322-2701 cell
mel.mcdmachine@att.net

2. On the enclosed map, please mark the location of your business and label the routes of your incoming and outgoing deliveries.

General Information

3. Describe the nature of your business, such as the service provided, the type of office, and the type of products sold or manufactured.

We are a job shop (machine shop). We provide machined parts to a variety of customers. We currently machine product for medical, military, aerospace, and auto racing.

4. How many years has your business been at this location? 2 years

5. How many full time employees do you have? 16

6. How many part time employees do you have? 4

7. What are your hours and days of operation? M-F 6am-1pm Sat 7-11am

8. Do you lease or own your business site? own

I-69 Evansville to Indianapolis Tier 2 Studies

Transportation and Market Information

9. From where do most of your customers come? (Check all that apply)

- ☒ Bloomington
- ☐ Martinsville
- ☐ Ellettsville
- ☒ Other (Please Identify) Indianapolis, Bedford, Bloomfield, Crane
- ☐ Out of state

10. From where do most of your employees come? (Check all that apply)

- ☒ Bloomington
- ☒ Martinsville
- ☒ Ellettsville
- ☒ Other (Please Identify) Nashville, Indianapolis, Bedford, Gasport
- ☐ Out of state

11. Do employees or customers currently use SR 37 to access your business? yes

If yes, which cross roads or access points along SR 37 are the most important for access?

Vernal Pike

12. Does your business serve a specialized clientele? yes

13. Does your business have specialized site requirements, such as rail access, acreage, underground storage areas, city water or sewer, permits, etc? no

If yes, please describe.

14. Which of the following types of vehicles regularly access your business? Check all that apply and provide a general estimate of the number per day.

- ☒ Passenger vehicles for employees 19
- ☒ Passenger vehicles for customers 2
- ☒ Delivery trucks 4

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

YES - THE PROPOSED ROUTE FOR THE FRONTAGE ROAD WILL ELIMINATE OUR COMPOSTING AREA, ELIMINATE WESTSIDE CUSTOMER PARKING FOR THOMPSON BUILDING, AND TAKE AWAY OUR MULCH PAD AND RETAINING WALLS.

- a. Do you expect to gain or lose customers? N/A
- b. Will access to the site be improved or impeded? IMPEDED
- c. Will access to or from your market or service area be improved or impeded?
N/A
- d. Will you lose or gain parking spaces? LOSE
- e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

OUR BIGGEST CHALLENGE WILL BE TO OUR COMPOSTING AREA AND TOP SOIL, MULCH & SAND DISTRIBUTION AREA

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

THE PROPOSED FRONTAGE ROAD LOCATION SHOULD BE MOVED FURTHER TO THE WEST TO AVOID RELOCATION OF THE MULCH PAD AND TO MAXIMIZE THE POTENTIAL OF THE 5 ACRE SITE.

Thank you for your participation in this survey

NATURE'S WAY FACT SHEET

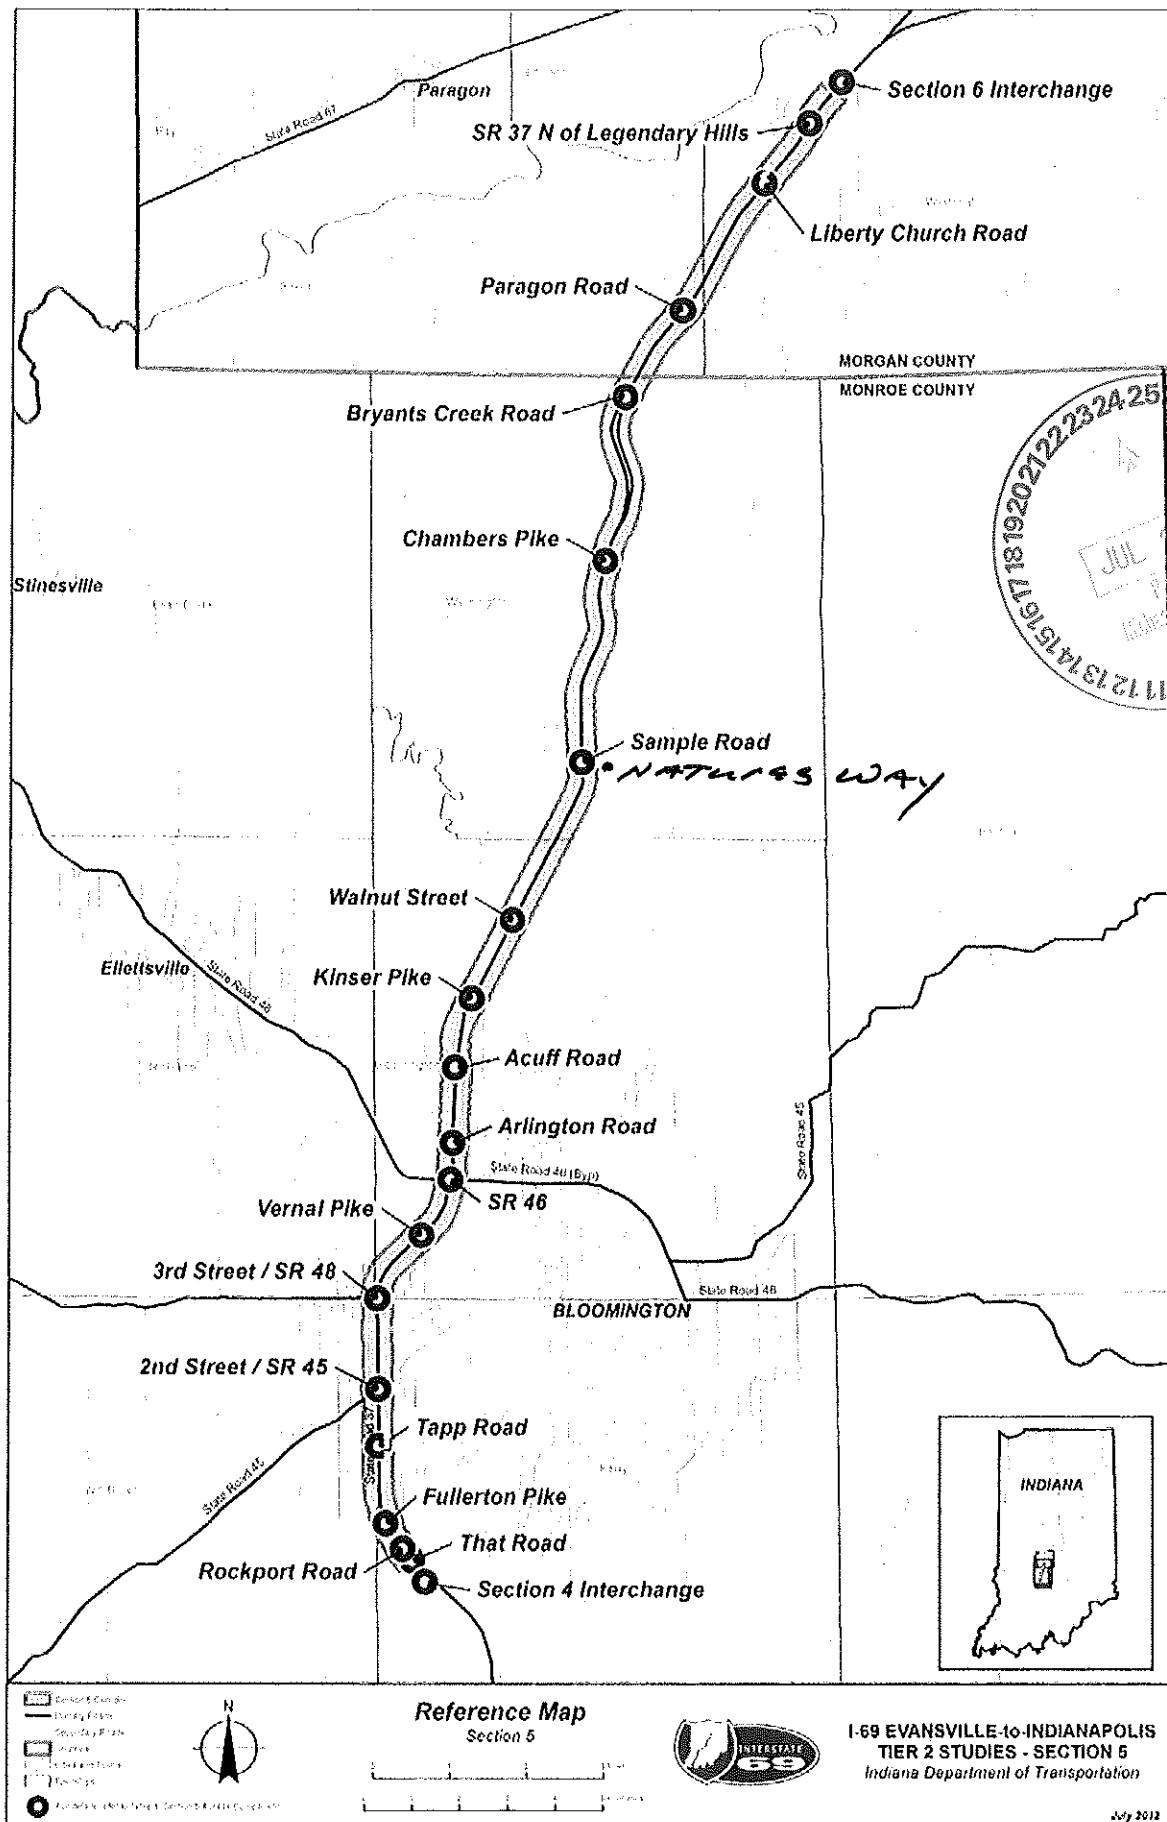

- Established in 1976
- “An Investment That Keeps On Growing”
- Mission Statement: It is the mission of Nature’s Way, inc. to enhance our customers’ lives by creating environments that contribute to pride of ownership, profitability and pleasure.
- Nature's Way is a full-service landscape installation and maintenance company and is divided into interior and exterior landscape departments. Each department has an installation division and a maintenance division. We customize designs to meet our clients needs
- Areas of Operation:
 - Bloomington / Monroe County
 - Columbus / Bartholomew County
 - Nashville / Brown County
 - Indianapolis / Marion County
 - Martinsville / Morgan County
 - Bedford / Lawrence County
 - Terre Haute / Vigo County
 - Anderson, Muncie, Richmond
 - Projects in other states: Illinois, Ohio, Kentucky
- From this humble beginning, Nature's Way, Inc. has been in operation for over 36 years. It has expanded operations to include a full-service interior/exterior landscape management company. A variety of divisions have been established to include:
 - Landscape Design / Installation / Maintenance
 - Interior Plantscaping
 - Flowerscaping
 - Lawn Maintenance
 - Irrigation
 - Ponds / Waterfalls
 - Landscape Lighting / Nightscaping
 - Fertilization / Insect & Disease Control
- Company Re-Structuring in 2000 : resulted in Management Team concept
- Safety Meetings are **MANDATORY** each week. Bi-Weekly full staff safety meetings and “Tailgate Safety Meetings” by department on alternating Fridays.
- Incentive Programs/Events:

NATURE'S WAY FACT SHEET

- "You've Been Spotted" card with gift certificate – morale builder, reward for extra special job well done, & positive reports made to the office by our clients.
- Perfect Attendance & Employee of the Month - certificate & gift card – monthly employee incentive programs
- Holiday party w/ monetary bonuses for The A Team & Golden Trowel award winners (and names on plaques)
- Mid-Summer Nights Swim – BBQ & open pool party for all staff and their families.
- New team members provided through Express Employment Professionals.
- "Thank god every morning when you get up, that you have something to do which must be done, whether you like it or not. Being forced to work and forced to do your best will breed in you a 100 virtues which the idle will never know"
–Charles Kingsley.
- "We feel we are in the first impression business. Whether our goal is to accentuate the initial "WOW" factor, or to ensure a lasting impression; depending on what our client's goal is. Listening to the client's needs and then implementing them in a well-designed & cost effective manner is the key to our 36 years of success. The bottom line is this; our customers trust us to best represent their needs. The end result is mutual respect and customer satisfaction. "

June 21, 2010

Mary Jo Hammon
I-69 Section 5 Project Manager

For Project Consideration,

COPY

As the planning moves forward for Section 5 of the I-69 project we would like to draw particular attention to the portion of highway located between Sample Rd and Chambers Pike. Both alternatives currently being discussed locate an interchange at Sample Rd and a grade separation (overpass) located at Chambers Pike. The businesses represented by Parker Pools, Poynter Sheet Metal, Oliver Winery and Worm's Way require a considerable amount of truck and customer traffic. We are concerned that funneling all the combined traffic through one interchange could tax the design and create potential hazards. The addition of an interchange at Chambers Pike could elevate any potential problems by separating the traffic flow between two interchanges and still meet the highway interchange separation requirements.

The current truck and customer traffic at Oliver Winery consists of the follow:

- Oliver Winery sees an average of **25** tractor-trailer trucks **each week** throughout the year. With a slightly heavier volume in the fall (Sept. – Oct.)
- This number is expected to grow considerably over the next few years, approaching 50 trucks a week by 2014 -2016
- Weekend customer traffic (Friday, Saturday, Sunday) for an entire year averages **989 vehicles** each three day weekend period.
- During seasonal peak periods of the year May through November this average jumps to **1200 vehicles**, with a high of **1,524** for one weekend in September.
- Totals of **1,250** tractor trailer trucks and **51,421** customer vehicles over the course of one year at Oliver alone.

These numbers represent traffic for a one year period June, 2009 through May 2010. We expect continued growth under current conditions and a higher growth rate following the completion of I-69.

Sincerely,
Oliver Winery

Donald R Hollinger
Business Development Mgr.

Table 1: Section 5 Access Comparison

Area Type	Major Road Name	Alternative 4	Alternative 5	Alternative 6	Alternative 7	Access Suggestion(s)? Interchange, Overpass and No Direct Access (Please use I, O, U, or X)	Comments and Rationale for Access Suggestion(s) Tell Us Why!
		Represents Alternatives Carried Forward I = Interchange (Urban or Rural) O or U = Overpass or Underpass (Grade Separation) X = No Direct Access					
Urban	Section 4 Interchange (I-69 and SR 37)	I	I	I	I		<p>The interchange suggested in all four alternatives is critical to the continuation of our business and the others located north of the Sample Road interchange. I have enclosed a copy of a letter sent in June, 2010. This letter was sent along with similar comments from Paynter Sheet Metal, Worm's Way and Parker Pools describing to volume and type of traffic our businesses generate. The numbers reference in our June, 2010 letter have grown more than 10% since that time and continued growth is expected. We do understand the addition of an interchange at Chambers Pike is expensive it would add considerable safety and balance to the traffic generated by the businesses mentioned.</p> <p>Thank you Don Holliger</p>

July 24, 2012

Mary Jo Hamman
Section 5 Project Manager
3802 Industrial Blvd., Unit 2
Bloomington, IN 47403

Dear Mary Jo,

Please find enclosed our response to the survey sent to Oliver Wine Company, Inc. at 8024 N State Rd 37. Two additional survey questionnaires were sent as the result of properties acquired by Oliver Winery. The enclosed response can be considered as a response to the request sent to 8018 N. State Rd 37. 8018 is a 23 acre property adjacent to the Oliver Wine Company, Inc. business location at 8024 N State Rd 37. This property was acquired in December of 2011 and will be used for the expansion of production facilities at Oliver.

A third request was sent to Oliver Wine Company, Inc. at 4755 N Kinser Pike. This property is undeveloped and is currently for sale. The value and accessibility of this property will be determined by the final design alternative selected for the Kinser Pike – I69 intersection.

Thank you for the opportunity to provide input into the design of Section 5.

Regards,

Don Hollinger
Business Development
dhollinger@oliverwinery.com

I-69 Evansville to Indianapolis Tier 2 Studies

Business Location

1. Provide the full name and address of your business.

Oliver Wine Company, Inc.
8024 N State Rd 37
Bloomington, IN 47404

- a. If your business is affiliated with others in the area, please provide the headquarters address if different from the above.

same as above

- b. Please provide contact information for future correspondence on this project.

Don Hollinger, Business Development Mgr
Oliver Winery
8024 N State Rd 37
Bloomington, IN 47404

2. On the enclosed map, please mark the location of your business and label the routes of your incoming and outgoing deliveries.

General Information

3. Describe the nature of your business, such as the service provided, the type of office, and the type of products sold or manufactured.

Oliver Winery produces approximately 700,000 gals of wine per year. Product
is sold via Wholesalers in Indiana and 20 other states. Oliver Winery also
operates a Tasting Room open 7 days a week on this site, seeing approximately
200,000 customers per year

4. How many years has your business been at this location? 40 years
5. How many full time employees do you have? 40
6. How many part time employees do you have? 62
7. What are your hours and days of operation? 7 days/week 8:00am - 6:00pm
8. Do you lease or own your business site? Own

I-69 Evansville to Indianapolis Tier 2 Studies

Transportation and Market Information

9. From where do most of your customers come? (Check all that apply)

☒ Bloomington

☒ Martinsville

☒ Ellettsville

☐ Other (Please Identify) _____

☒ Out of state

10. From where do most of your employees come? (Check all that apply)

☒ Bloomington

☒ Martinsville

☒ Ellettsville

☐ Other (Please Identify) _____

☐ Out of state

11. Do employees or customers currently use SR 37 to access your business? Yes

If yes, which cross roads or access points along SR 37 are the most important for access?

State Rd 46, Old 37, Walnut Street, Sample Rd, County Rd 800 N

12. Does your business serve a specialized clientele? No

13. Does your business have specialized site requirements, such as rail access, acreage, underground storage areas, city water or sewer, permits, etc? Yes - City sewer

If yes, please describe. A private sewer line has been established between

Oliver Winery and Bloomington northern treatment plant

14. Which of the following types of vehicles regularly access your business? Check all that apply and provide a general estimate of the number per day.

☒ Passenger vehicles for employees 60

☒ Passenger vehicles for customers Mon-Thurs 20 day Fri-Sat-Sun 340 per day

☒ Delivery trucks Mon-Fri 3 day

☐ Rail cars _____

☒ Buses 1-3 per week

☐ Other (specify) _____

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

The next 3-5 years should see expansion of production facilities and improvements to truck room and parking. 20,000-50,000 sq. ft. increase in warehouse space, 20,000 sq. ft. additional production space and approximately 15% growth in number of employees.

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

Access to our business will change from directly off St. Rd. 37 to an access road from the Sample Rd interchange. This will be new to our customer base of 40 years. We expect an initial reduction in customer count. With proper signage this should be solved over time.

- a. Do you expect to gain or lose customers? *Once completed we expect to gain customers*
- b. Will access to the site be improved or impeded? *Impeded*
- c. Will access to or from your market or service area be improved or impeded? *Improved*
- d. Will you lose or gain parking spaces? *Parking should not be affected*
- e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

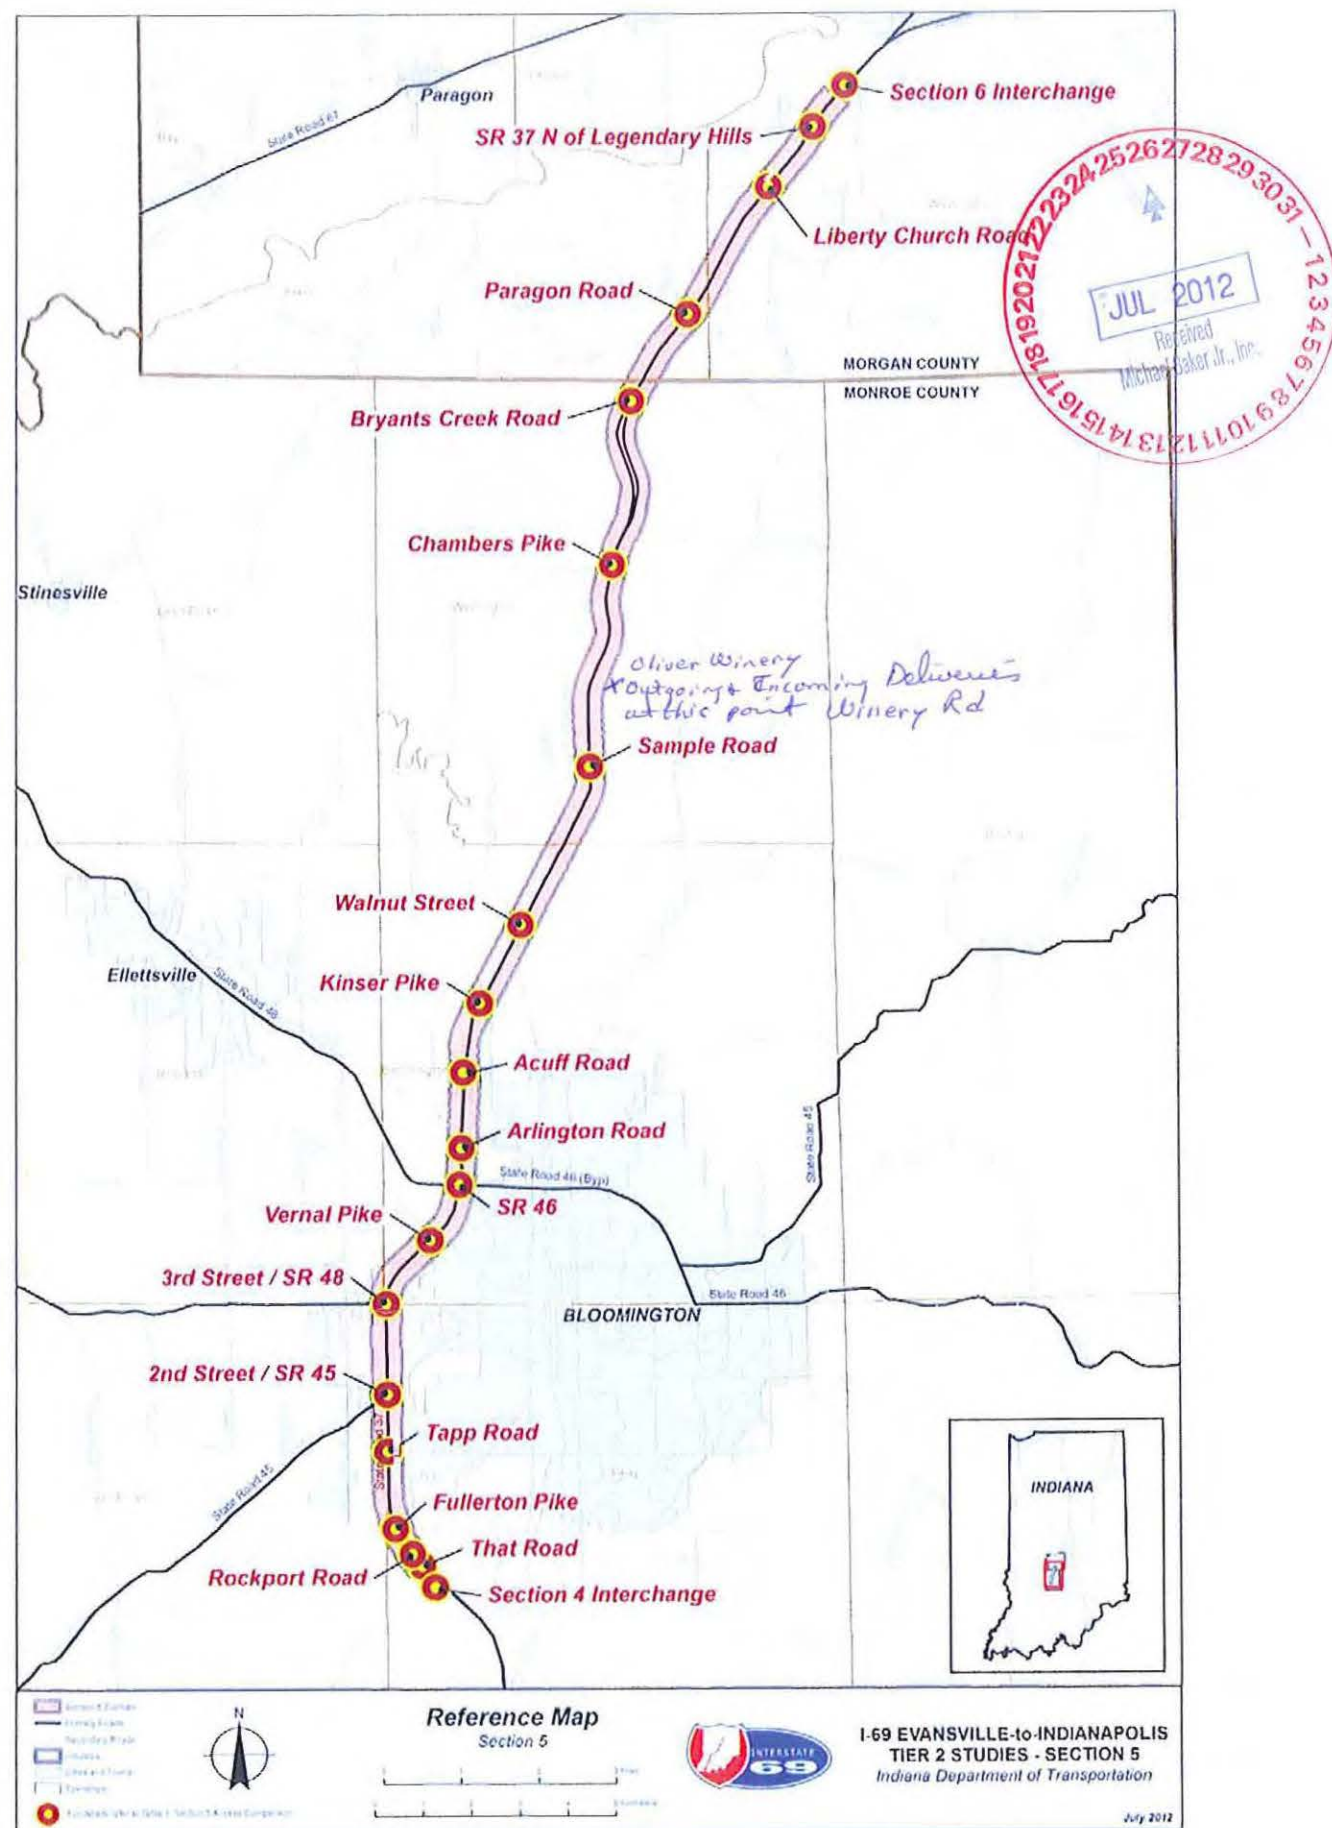

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

18. Please provide any additional information or comments that you would like us to address.
You may also attach additional sheets or a letter from your business with your comments.

The businesses located on the east side of the proposed route require a great deal of delivery truck traffic. These are large tractor-trailer rigs, some being oversize loads. The access road needs to be wide enough to allow for wide turns entering and exiting these businesses

Thank you for your participation in this survey

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments!

- We need an interchange @ Chambers Pike. Paynter is one of the largest employers in the area and we are impacted with the greatest distance to an interchange in this section. Our employees, customers, and operations are all impacted if we are only provided a frontage road and a distant cross street and even further interchange. We may have to relocate if not accommodated. We would relocate

Thank you for your participation in this survey outside of Monroe County

18. Please provide any additional information or comments that you would like us to address.

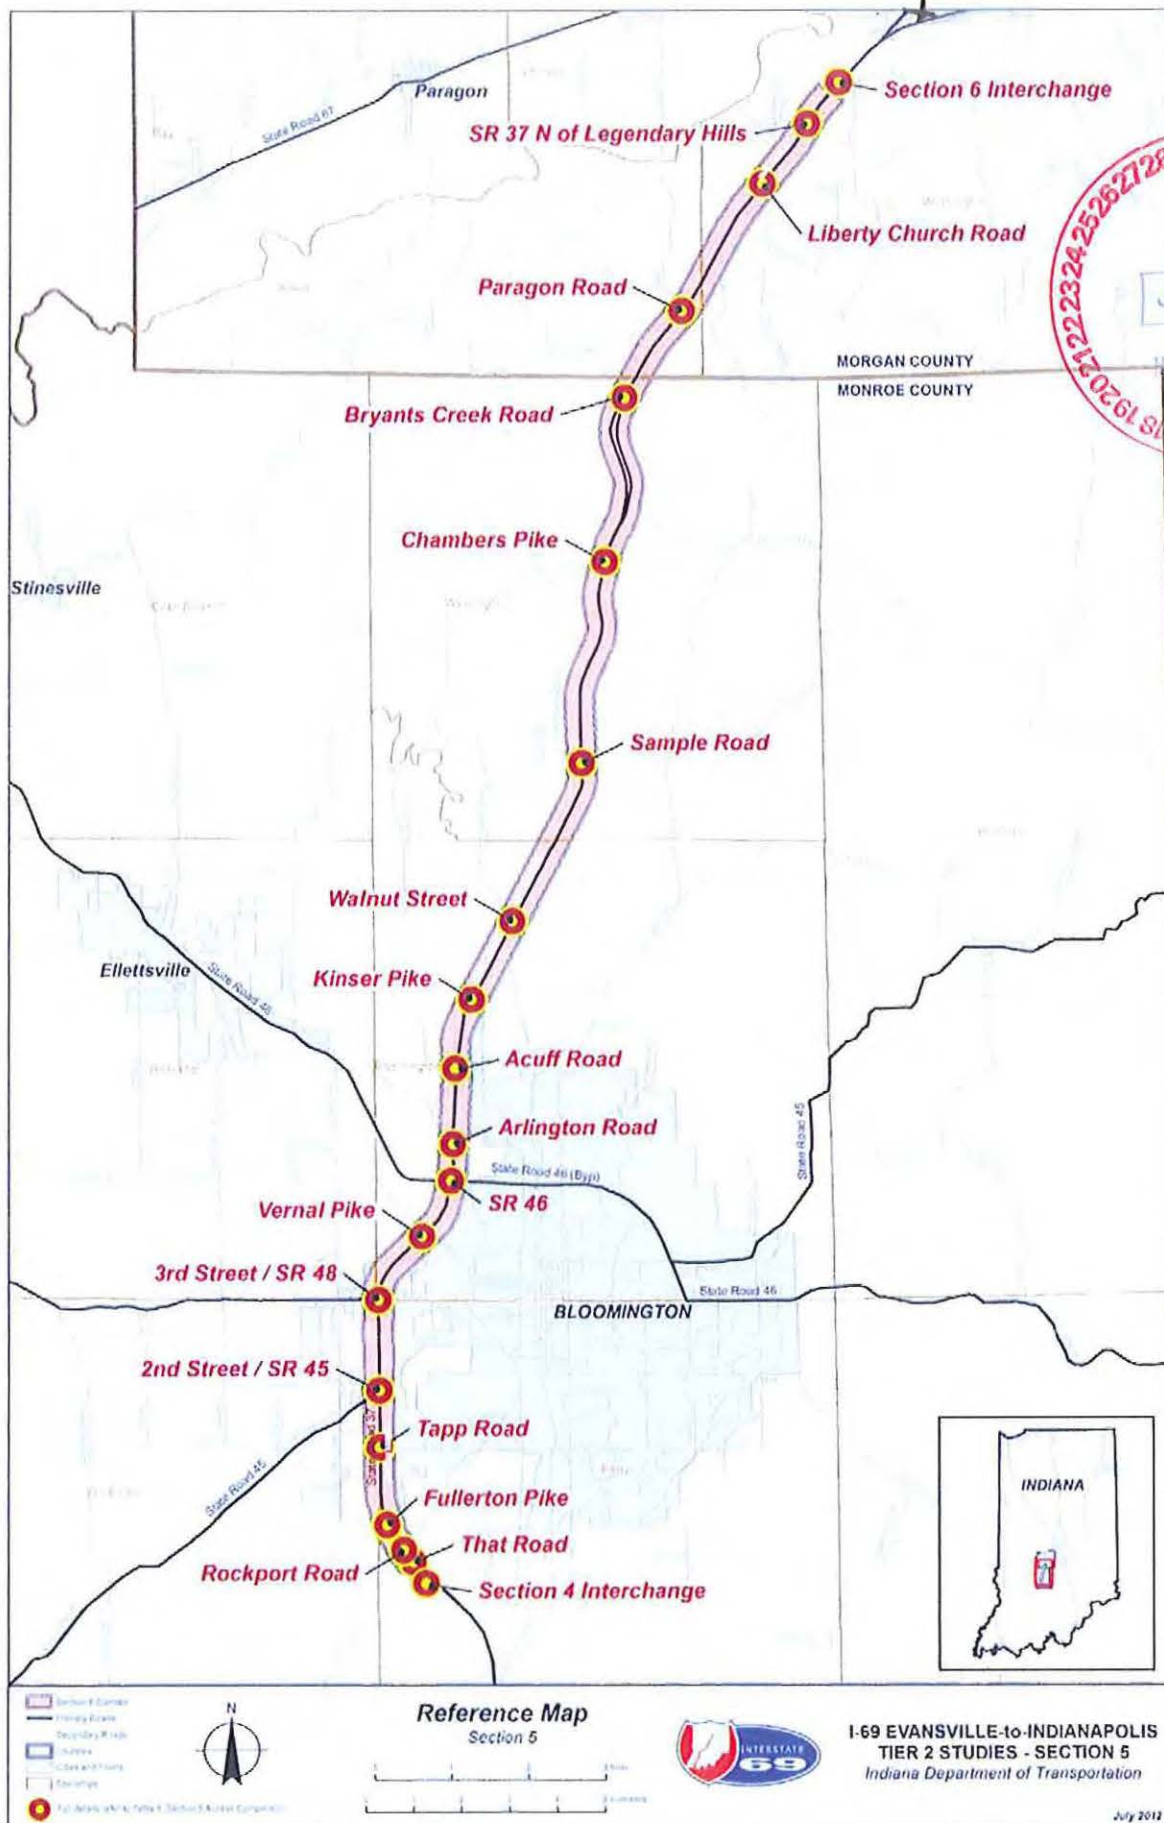

You may also attach additional sheets or a letter from your business with your comments.

We have been told, for many years that I-69 would follow & stay within the fences of 37. We could live with that if the officials don't landlock Bloomington North traffic + Reed Quonies traffic.

Thank you for your participation in this survey

I-69 Evansville to Indianapolis Tier 2 Studies

Business Location

1. Provide the full name and address of your business. *Rentals*
2452/2456 Marlene Dr. Bloomington 47404

- a. If your business is affiliated with others in the area, please provide the headquarters address if different from the above.

N/A

I built my home and business 39 years ago, in 1973. I have raised three children with my former wife, who passed in 2007. Since then I have remarried and we are raising our two year old daughter in the same home. There are many family memories and sentimental value that the "fair market value" you place on my home won't begin to cover. I will turn 73 years old in December and this situation has cause extreme stress and should not be the focus of my attention. We have made many improvements on our home such as Amish built cabinets, Anderson Window patio doors, Imported Italian tile in the bedroom that was recently remodeled, as well as a whirlpool tub that was extremely expensive. These are just a few of the improvement on the house. I have spent much time working on the outside of my home landscaping over many years. I do not believe there is just compensation for the blood, sweat and tears that I have invested in my home and grounds. Our business is located in our home and shop and is our lifeline. Without which our business would most likely go under. The office is located within the home where calls are answered, appointments are scheduled and all paperwork is completed. The shop is where appliances are repaired, stored and sold. Our repair center and sales area is 1800 sq feet, the home is 2640 sq feet making a total of 4400 sq feet. It would be impossible to invest in 4400sq feet of home and work space for your "fair market value". Robinson Appliance Service has been advertising this location and phone number in the yellow pages, internet, newspaper and magnets for 39 years. This investment has cost the business approximately \$250,000 since we began the company. To change this information would be extremely costly and many customers would be lost due to incorrect information they already possess, and difficulty in reaching us, especially with extreme amount of competition in this vicinity. The other resident on Sparks Lane built their home and business in 1972. Sparks Garage is directly behind their home and moving their business would be costly and would devastate their ability to make a living as well. Both households on Sparks Lane would seek compensation for all losses through whatever means necessary if landlocked. I69 is destroying the security of many and most people, (except those who are profiting); along the intended route do not want the increase in traffic. Since I have no say in the construction of I69, ***Alternative 6 or 7 would at least allow us to remain in the location where I built my home and business, and continue to raise my family.***

Sincerely,

Irvin and Stephanie Robinson

I-69 Evansville to Indianapolis Tier 2 Studies

Business Location

1. Provide the full name and address of your business.

Robinson Appliance Service
850 E. Sparks Lane
Bloomington, IN 47404

- a. If your business is affiliated with others in the area, please provide the headquarters address if different from the above.

N/A

- b. Please provide contact information for future correspondence on this project.

Home - 812-876-5806 > both are work numbers,
Cell - 812-361-5975 also remote number
remote - 339-1409
Irvin Robinson - owner

2. On the enclosed map, please mark the location of your business and label the routes of your incoming and outgoing deliveries.

all incoming and outgoing deliveries through drive
off 37

General Information

3. Describe the nature of your business, such as the service provided, the type of office, and the type of products sold or manufactured.

Repair & Sales of Refrigeration appliances & Delinco,
Service in Home thru out area
parts department at Shop 850 E Sparks lane

4. How many years has your business been at this location? 37

5. How many full time employees do you have? 2

6. How many part time employees do you have? 0

7. What are your hours and days of operation? 24/7 - 7 day a week

8. Do you lease or own your business site? own

3. Describe the nature of your business, such as the service provided, the type of office, and the type of products sold or manufactured.

Commercial, Business, Retail Business Rental Space
and
Residential Condominium's Space.

4. How many years has your business been at this location? 16 years

5. How many full time employees do you have? None

6. How many part time employees do you have? Three (3)

7. What are your hours and days of operation? Mon Thru Fri 9am to 5pm.

8. Do you lease or own your business site? OWN.

I-69 Evansville to Indianapolis Tier 2 Studies

Transportation and Market Information

9. From where do most of your customers come? (Check all that apply)
- ☒ Bloomington
 - ☒ Martinsville
 - ☒ Ellettsville
 - ☒ Other (Please Identify) All Southern Indiana
 - ☐ Out of state
10. From where do most of your employees come? (Check all that apply)
- ☒ Bloomington
 - ☐ Martinsville
 - ☒ Ellettsville
 - ☐ Other (Please Identify) _____
 - ☐ Out of state
11. Do employees or customers currently use SR 37 to access your business? Yes
If yes, which cross roads or access points along SR 37 are the most important for access?
Vernal Pike
12. Does your business serve a specialized clientele? No.
13. Does your business have specialized site requirements, such as rail access, acreage, underground storage areas, city water or sewer, permits, etc?
If yes, please describe. Large Land Space (1 acres)
14. Which of the following types of vehicles regularly access your business? Check all that apply and provide a general estimate of the number per day.
- ☒ Passenger vehicles for employees _____
 - ☒ Passenger vehicles for customers _____
 - ☒ Delivery trucks _____
 - ☐ Rail cars _____
 - ☒ Buses _____
 - ☐ Other (specify) _____

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

1. Possible major truck terminal distribution center.
2. Possible sports training center.
3. Possible large brewery.
4. Additional storage units.

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

Yes, completed I-69 will provide greater exposure with added marketing opportunity.

a. Do you expect to gain or lose customers? GAIN

b. Will access to the site be improved or impeded? Improved.

c. Will access to or from your market or service area be improved or impeded?

I believe it will be improved.

d. Will you lose or gain parking spaces? May lose some parking?

e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

Only negative possibility would be if I-69 would cut-off access to my property which would negatively effect my property.

17. Please review the attached table and provide your input on each of the proposed alternatives.

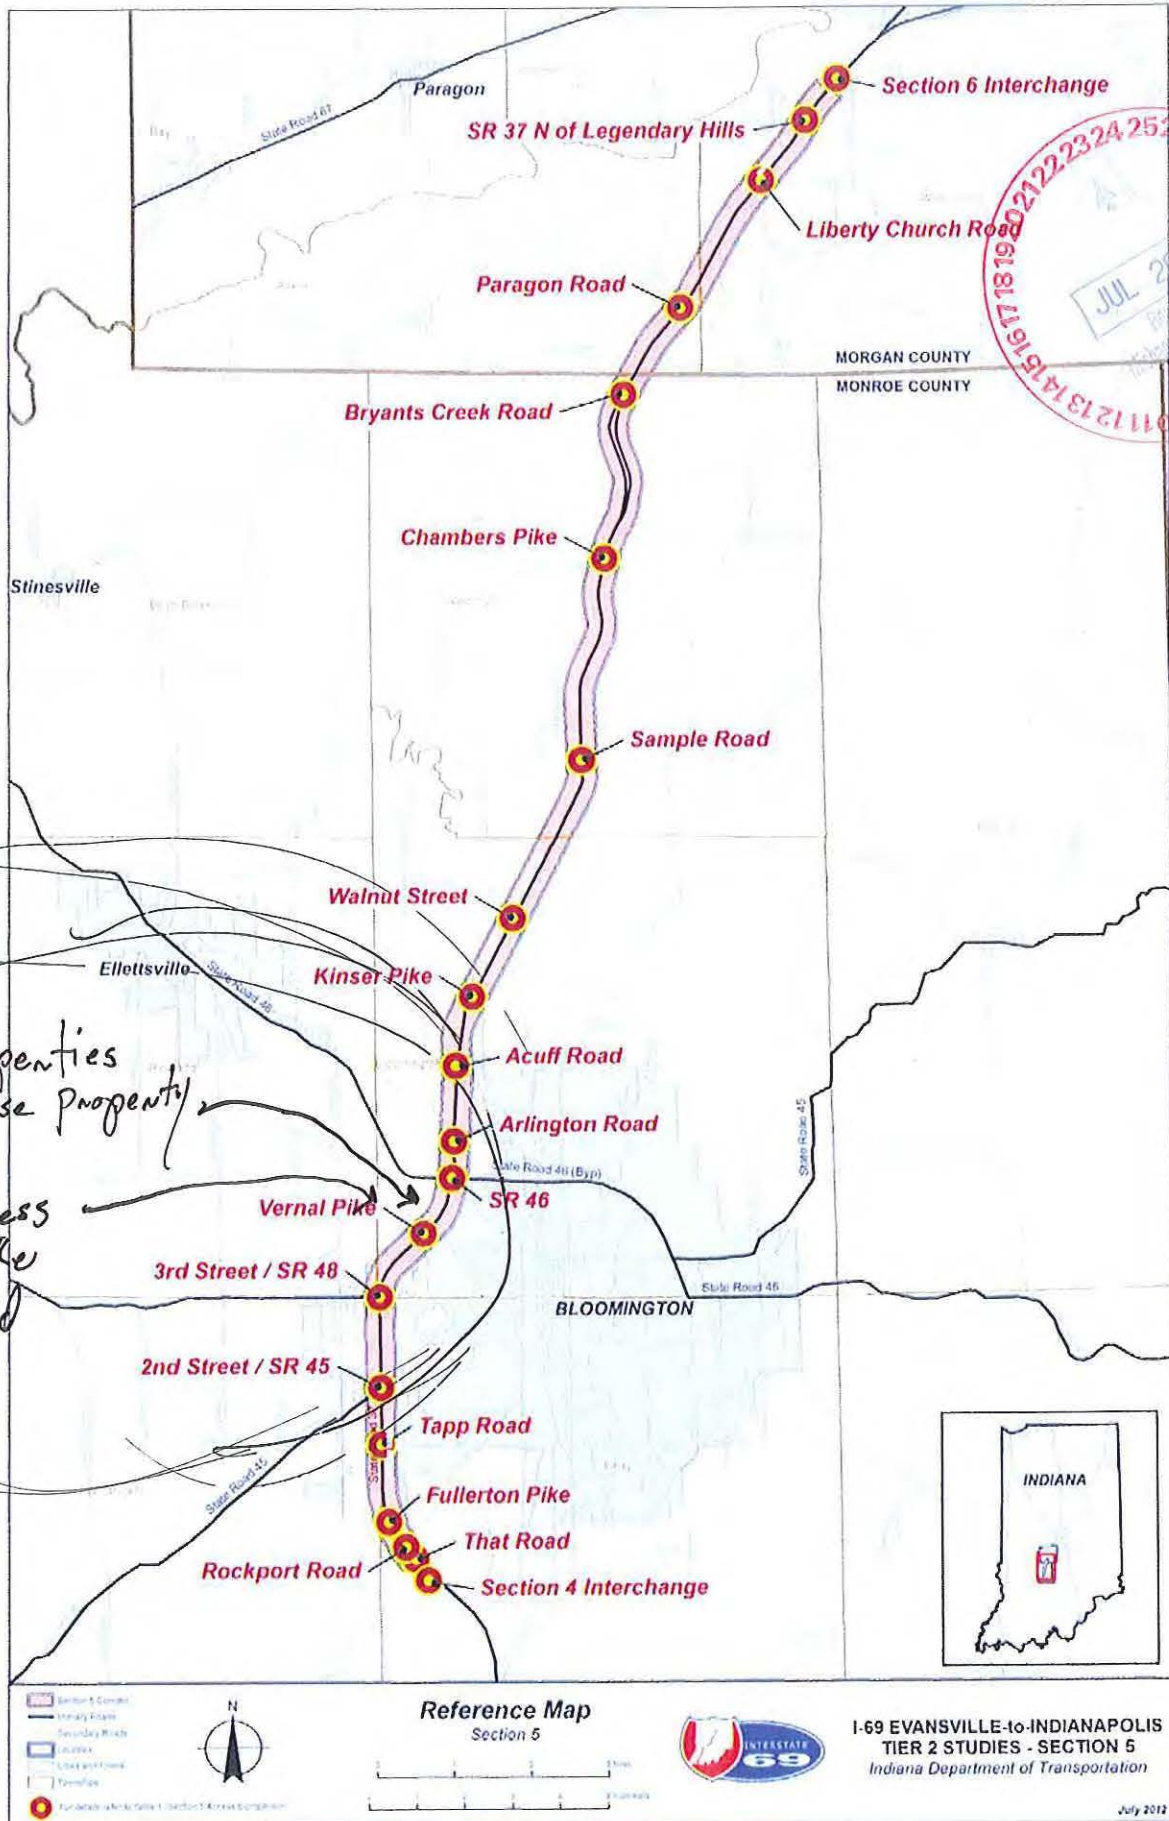

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

My main concern is the possibility that state of Indiana may need to purchase some of my land needed for "right of way" purposes. If so I would appreciate knowing as soon as possible.

☐ Other (specify) _____

I-69 Evansville to Indianapolis Tier 2 Studies

Project Impacts

15. Do you currently have plans to expand your business? If yes, describe (add employees, add shifts, expand or build new facility at current site) and be as specific as possible.

Already have new hires scheduled. Much higher level of retail and special events in next 1-4 yrs

16. Do you believe that your business will be directly or indirectly affected by the project? If yes, how do you believe you will be affected?

Directly - clients will not be happy with more difficult access to office. Delivery must be able to get into property

a. Do you expect to gain or lose customers? Lose

b. Will access to the site be improved or impeded? Lossing direct immediate access

c. Will access to or from your market or service area be improved or impeded?
impeded

d. Will you lose or gain parking spaces? unknown - depends on what is taken

e. Please describe the effects of any adverse impacts on your ability to continue to conduct business at your current location.

lost clients = lost revenue

Restricted access means fewer tenants less tenant options if can't get semi's in

17. Please review the attached table and provide your input on each of the proposed alternatives.

Other Information

18. Please provide any additional information or comments that you would like us to address.

You may also attach additional sheets or a letter from your business with your comments.

This property houses many business, perminantly, and even more use it on short term rentals. This property reaches / aids more than just perminate tenants.

There is little to no available, suitable area to move septic.

1. Scholars Inn Bakehouse (SIB, Inc) production facilities & corporate offices.

a. **Affiliated with: Scholars Inn Bakehouse locations, Scholars Inn Bed & Breakfast, Scholars Properties.** Provide products to 100's of customers throughout the state.

b. **Contact information:**

Greg Berke / President: 812-936-6100

Lyle Feigenbaum / Owner: 331-4486 ext. 1

3. General Information

The Scholars Inn Bakehouse production facility and corporate offices are located at 573 West Simpson Chapel Road in Bloomington. We are a wholesale bakery production facility which sells and provides fresh baked goods to a variety of commercial accounts throughout the state of Indiana. We also supply significant product to our own restaurant locations in Bloomington for which there are three. Due to the nature of our business we operate 24 hours a day, 7 days a week. Our employees work first, second, and third shifts, which enables us to provide high quality products to our customers. The majority of our customers reside in the greater Indianapolis area and Bloomington. Our main source of product distribution is our own delivery trucks which run routes both North and South on HWY 37, 7 days a week. We also work with large distributors which pick up products from our facility. We receive multiple deliveries throughout the week in the form of semi trucks which supply us our raw materials for production.

Our corporate offices also reside in this location for which accounting, sales and marketing tasks are preformed for a number of our privately held companies.

The building also houses a retail outlet for our bakery products. This store is open 7 days a week from 8AM - 5PM. Most of our customers come from drive by business.

4. We have operated in this location since 2006 (6+ years).

5. Full time employees: 17

6. Part time employees: 38

7. Hours of operations: The production facility operates 24 hours a day and is open 7 days a week. Our retail space is open from 8AM - 5PM everyday.

8. We own the building and property

12. Our business services universities, hotels, hospitals, restaurants, cafes and wholesale distributors in Indiana. We produce baked good for both wholesale and retail customers.

13. **Site requirements.** Loading dock. We recently paid to hook into the underground water and sewer systems. Our facility has been approved by the FDA, the Indiana State Heath Department as well as large distributors and retailers such as Sysco Food, Marsh and Kroger Supermarkets.

15. We purchased the property, which is 2 ¼ acres, with the intent of future expansion. We have been waiting for final decisions on I69 prior to expansion. Our production is nearing capacity and we plan to continue to grow.

16. Our business will be directly affected. The change in access point will impede our ability to service our customers by having our delivery routes longer as well as make deliveries from outside vendors more difficult. This will result in increased costs of fuel, time and labor hours for our delivery drivers which operate 7 days a week. We may also lose pick up customers for both wholesale and retail sales. We may be forced to close our retail outlet due to the loss of drive by traffic and the difficult nature of getting to our location from I69. It may result in loss of employees as well.
